

CONTROL & MANAGEMENT IRRIGATION SYSTEMS

PG-6051
TAP-TIMER

Tap controller with motorized valve (0-6 BAR). Up to 16 starts per day, 3/4" connection and express couplings.
FLOW: 0-12,100 L/H.
PRESSURE: 0-7 BAR.

PG-6060
WATER-PROOF ANFIBIO

Battery operated latching controller with 16 independent & overlapping starts. Two models of 1 and 4 stations and one sensor NC.

PG-6010
LATCH-PG-MASTER

Battery operated 9 Vdc latching controller with 4 programs, 6 independent and overlapping starts. Models of 5, 8 and 14 stations, master valve and inhibition and activation sensors.

PG-6065
RAIN-PRO

Electrical controller with 24Vac converter. 4 programs with 6 independent and overlapping starts. Models of 4, 6, 9 and 11 stations, master valve, NC sensor, calendar, delays, water budget, etc.

PG-6065
GREEN-PRO XL

Tele-Control system with communications GSM/WIFI/RADIO for remote control of PG-6010-6015 series. Hydro-Plus web interface control software. 4 digital and 6 analogical inlets, RS485, 2 activation relays, etc. Two antenna connections for GSM and RADIO.

HYDRO-PLUS
SOFTWARE

Hydro-Plus web interface control software. Easy way of visualize flow meters, pressure, weather stations, soil moisture sensors, etc. of your facility and remote control of your valves for an intelligent irrigation and water & energy saving.

VYR-6110
HYDRAULIC VALVES

MICRO VALVES
3"/4"

VYR-6010 and 6015
SOLENOID VALVES

SOLENOIDS

VALVES, PRESSURE REG., FILTERS, FITTINGS & ACCESORIES

VYR-39
AIR RELEASE VALVES

Wide range of air release valves of single, double and triple effect, made of high resistance plastics and brass.

VYR-19
PRESSURE REGULATORS

Fix pressure regulator of 3/4" with a wide range models of 6, 10, 20, 25, 30 40 and 50 PSI. Two series of "regular flow" and "high flow PRO". Made of high resistance plastics and inox steel.

BALL VALVES

Ball valves from 1/2" to 3" made of brass or high resistance plastics. Especial serie of nylon for freeze resistance down to -30°C.

VYR-81
QUICK COUPLING VALVES

Quick coupling hydrant valves of 3/4" and 1" made of brass and plastic, with bayonet keys and rotational elbows for a perfect hose use.

MANIFOLDS, SWING-PIPES, SWING-JOINTS

PIPE SADDLES & RAISERS

VYR-88
EXPRESS SADDLES

VALVE BOXES

HOSE GUNS AND NOZZLES

RESIDENCIAL AND COMMERCIAL IRRIGATION

VYR-118
BRASS DIFFUSERS

Spray pop-up diffuser made of brass with 4 cm raise. Fix angle nozzles of 90°, 180°, 270° and 360° and also. Adjustable flow screw. Anti-sand rubber seal.
FLOW: 400-1900 L/H.
RANGE: 1-4 metros.
PRESSURE: 1,5-5 BAR.

VYR-180
PLASTIC DIFFUSERS

Spray pop-up diffuser made of plastic with models of 5, 7 and 10 cm raise. Fix angle nozzles of 90°, 180° and 360° and also wide range of adjustable nozzles. Nozzle filter included. Anti-sand rubber seal. Optional check-valve.
FLOW: 240-1200 L/H.
RANGE: 1-5 metros.
PRESSURE: 1,5-5 BAR.

V-ECO VYR-131
FIX SPRAY NOZZLES

Fix angle spray nozzles 90°, 180° and 360°. made of high resistance plastic and INOX steel. Adjustable flow screw.
FLOW: 240-1200 L/H.
RANGE: 1-5 metros.
PRESSURE: 1,5-4 BAR.

V-PLUS VYR-129
ADJUSTABLE SPRAY NOZZLES

Adjustable angle spray nozzles made of high resistance plastic and INOX steel. Wide range of models at different VAN flow and trajectory angles. Adjustable flow screw and filter included.
FLOW: 240-1400 L/H.
RANGE: 1-5 metros.
PRESSURE: 1,5-5 BAR.

SPIKES AND BASE STANDS FOR SPRINKLER

Full range of stand accessories for sprinkler connection. Made of plastic, aluminum and brass.

VYR-59 and 868

Rotative sprinkler models for residential irrigation on dynamic base stands.

VYR-962

Part/Full circle Pop-Up impact sprinkler made of high resistance plastic and INOX steel. Wide range of color coded nozzles. Adjustable diffuser pin on anti-back-splash arm. Optional check-valve on filter. Adjustable spring for 3 different speeds. Connection of 3/4" or 1/2" bottom female inlet and lateral 1/2" female inlet.
FLOW: 450-1180 L/H.
RANGE: 5-13 metros.
PRESSURE: 1,8-5 BAR.

VYR-612
PRO-TURF

Part/Full circle Pop-Up Gear-Drive-Rotor sprinkler made of high resistance plastic and INOX steel. Wide range of nozzles. Adjustable diffuser pin. Optional check-valve on filter. Very easy angle adjustment. Connection of 3/4" female inlet. Angle memory system.
FLOW: 200-2200 L/H.
RANGE: 8-15 metros.
PRESSURE: 2-5 BAR.

VYR-961

Part/Full circle Pop-Up brass impact sprinkler made of high resistance plastic and INOX steel. Wide range of brass nozzles. Adjustable diffuser pin. Optional check-valve on filter. Connection of 3/4" bottom female and lateral 1/2" female inlet.
FLOW: 450-1440 L/H.
RANGE: 9-15 metros.
PRESSURE: 1,8-5 BAR.

SPORT IRRIGATION

VYR-970

Pop-Up 1" impact part/full sprinkler with 2 nozzles of 28°. Models w/w-out valve.
FLOW: 2800-20000 L/H.
RANGE: 14-21 metros.
PRESSURE: 3-6 BAR.

VYR-972

Pop-Up 1 1/2" impact part/full sprinkler with 2 or 3 nozzles of 22° or 15°. Models w/w-out valve.
FLOW: 3000-22000 L/H.
RANGE: 15-33 metros.
PRESSURE: 3-6 BAR.

VYR-650 S and S-AV

Pop-Up gear-drive rotor of 1" part/full circle, with 1 or 2 nozzles of 25° or 15°. Models w/w-out valve.
FLOW: 2500-10000 L/H.
RANGE: 15-26 metros.
PRESSURE: 3-8 BAR.

VYR-650 M-AV

Pop-Up gear-drive rotor of 1 1/2" part/full circle, with 1 or 2 nozzles of 25° or 15°. Models w/w-out valve.
FLOW: 3500-22000 L/H.
RANGE: 18-32 metros.
PRESSURE: 3-8 BAR.

VYR-650 L and L-AV

Long-Range Pop-Up gear-drive rotor of 1 1/2" part/full circle, with 1 or 2 nozzles of 25° or 15°. Models w/w-out valve.
FLOW: 3500-22000 L/H.
RANGE: 18-32 metros.
PRESSURE: 3-8 BAR.

VYR-80

Part/Full circle 1/2" male brass sprinkler with one nozzle of 24°. Adjustable deflector and diffuser pin.
FLOW: 800-2100 L/H.
RANGE: 13-20 metros.
PRESSURE: 1,5-3 BAR.

VYR-803

Part/Full circle 1/2" male plastic sprinkler with one color coded nozzle of 24°. Adjustable diffuser pin.
FLOW: 800-2100 L/H.
RANGE: 13-20 metros.
PRESSURE: 1,5-3 BAR.

VYR-802

Part/Full circle 1/2" male plastic sprinkler with one color coded nozzle of 24°. Adjustable deflector and diffuser pin.
FLOW: 800-2100 L/H.
RANGE: 13-20 metros.
PRESSURE: 1,5-3 BAR.

VYR-973

Pop-Up 1 1/2" impact part/full sprinkler with 2 or 3 nozzles of 22° or 15°. Special design with rubber pot for soil-turf. Models w/w-out valve.
FLOW: 3000-25000 L/H.
RANGE: 19-37 metros.
PRESSURE: 3-8 BAR.

VYR-977 and 980

Pop-Up piston-drive gun of 2 1/2" part/full sprinkler with 2 or 3 nozzles of 23° or 15°. Models w/w-out valve. Adjustable speed control and optional loop counter.
FLOW: 21000-75000 L/H.
RANGE: 30-56 metros.
PRESSURE: 5-8 BAR.

IRRIGATION TRAVELLER RAIN-RUNNER

Automatic sprinkler hydraulic-cart with 120 meters of cable and anchor spike. Control valve and sprinkler VYR-65 included.
FLOW: 2250-10800 L/H.
RANGE: 16-36 metros.
PRESSURE: 3,5-5 BAR.
